Cology, Dec. 31. We heat from Trier, that the Chapter of the Cathedral have fixed the 20th of February for the Day of the Choice of a new Elector of Trier. We begin in this Country to be afraid of the Consequences of the unworthy Treatment of the Dutch Troops who were driven out of Bonn by Order of our Elector. We apprehend also, that the States General will keep Possession of the Citadel of Liege and Castle of Huy, till they have Satisfaction for what was done at Bonn. There was a Report, that the Elector of Bavaria was very Ill, and even Dead; but later Advices have assured it was groundless.
